	There were also complaints of fire alarms going off continuously during the night but the plant had no fire alarms, planned or unplanned, at this time.		
5	Public Contacts		
	Two contacts were received over the period: Trudie Leask of Torry Community Group had information on spikes in particulate pollution on Wellington Road on two occasions, we advised that the plant had been operating stable during this time and here were no circumstances that would have caused this. Andrew Giblin of Pelagia asked for his concern of a bottleneck in the traffic when exiting Greenbank Road onto Wellington Road at the traffic lights to be shared with the group, this has occurred since the double yellow lines have now faded. Peter Lawrence shared a link on how any concerned parties could report this. Report a problem with a road, pavement or road sign Aberdeen City Council
